

Diabetic Testing Supplies

wellcare

PART B BENEFIT | 2026

Every patient manages diabetes differently and self-monitoring of blood glucose is essential to keeping blood sugar levels within the target range and can help reduce the risk of serious complications, including cardiovascular issues, kidney damage, and vision loss.

To support your patients, our plans offer a selection of preferred diabetes testing products designed to fit a variety of lifestyles. These supplies are covered under Medicare Part B and require a prescription for plan coverage. Additionally, all lancets, lancet devices, and lancet kits from any manufacturer are covered.

Preferred Manufacturers
